## Senior Design: Design Diagram Levels – Anurag Neti

User Story 1: As a user, I would like the Neural Network to determine the sentiment of a movie review.

User Story 2: As a user, I would like the Neural Network to be able to accurately determine the sentiment of a movie review.

User Story 3: For movie reviews whose sentiment is unclear even to human beings, I would like the Neural Network to be robust enough to identify the sentiment of those reviews as neutral.
